

Campaign Clarification

Qualifying spells for Elven Elementalist

Based on skills requirements and feat selection, the earliest level a player can qualify for this class is 7th level. The spell lists that follow detail spells that qualify as elemental for the purposes of determining eligibility for the prestige class.

Cleric

The elemental domains (Air, Earth, Fire, Plant (use for Wood), Metal, and Water) help qualify in terms of spell access. Count spells on the domain list as having the appropriate descriptor **ONLY** for the purposes of determining spell count for qualification for the class. Note that in the MMRPG, elven elementalists clerics and druids must worship elven gods to gain access to the prestige class.
